

NOTICE UNDER THE AMERICANS WITH DISABILITIES ACT

In accordance with the requirements of title II of the Americans with Disabilities Act of 1990, the Forest Preserve District of Will County (FPDWC) will not discriminate against qualified individuals with disabilities on the basis of disability in FPDWC's services, programs, or activities.

Employment: FPDWC does not discriminate on the basis of disability in its hiring or employment practices and complies with all regulations promulgated by the U.S. Equal Employment Opportunity Commission under title I of the Americans with Disabilities Act (ADA).

Effective Communication: FPDWC will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities so they can participate equally in FPDWC's programs, services, and activities, including qualified sign language interpreters, documents in Braille, and other ways of making information and communications accessible to people who have speech, hearing, or vision impairments.

Modifications to Policies and Procedures: FPDWC will make all reasonable modifications to policies and programs to ensure that people with disabilities have an equal opportunity to enjoy all FPDWC programs, services, and activities. For example, individuals with service animals are welcomed in FPDWC offices, even where pets are generally prohibited.

Anyone who requires an auxiliary aid or service for effective communication, or a modification of policies or procedures to participate in a FPDWC program, service, or activity, should contact the Public Information Office, Sugar Creek Administration Center, as soon as possible but no later than 48 hours before the scheduled event.

The ADA does not require FPDWC to take any action that would fundamentally alter the nature of its programs or services, or impose an undue financial or administrative burden.

Complaints that a FPDWC program, service, or activity is not accessible to persons with disabilities or requests for aid or services should be directed to the
